

The Crittenden Press

Volume 42.

Marion, Crittenden County, Kentucky, Friday, May 14, 1920.

Number 42

It Isn't What You Make--- It's What You Save!

THREE PER CENT interest a year on savings accounts is not a "get-rich-quick" method, but it is CONSIDERABLE because of the security offered at the Marion Bank, that is completing a new home for its depositors, and find every facility to assist them in the accumulation of a competency.

Besides the 3% interest we pay your taxes on money left with us. We provide ample protection in the way of INSURANCE and burglar proof vaults and safes. Government Bonds left with us by our customers are fully insured against burglary. Can you beat it?

MARION BANK

MARION, KENTUCKY.

INCREASE SHOWN IN VALUES

1920 Figures More than Double
Those Of Ten Years Ago

Taxes being a subject of vital interest to all, indeed, the most vital of all subjects, because it comes nearer "touching" a fellow's pocket book than any debt or obligation he has to meet. Speaking of taxes calls our attention to the amount of taxable property in Crittenden county, and their rapid increase within the past few years. Who, in 1910, would have so much as have guessed that the taxable property ten years hence would have more than doubled in value, the amount of property in 1910, subject to taxation was \$3,020,953 and the amount of taxable property in 1920 was \$7,315,370, which is an increase over last year, last year's assessment showing \$7,210,055.

The hills, hollows, river bottoms and all kinds of land in the county aggregate 222,714 acres, on which the improvements are valued at \$905,305, and the total value of land, timber and improvements being \$3,958,825.

Ten years ago the mining industry in this county was not very extensive but the present assessment shows \$223,320 of mineral rights and leases.

Judging from the horses one sees on jockey lot on a County Court day, you would not place a very large value on the live stock in the county and will be surprised to know that the total value of all the live stock in the county amounts to \$963,355.

Ten years ago there was not an automobile listed for taxation and the assessment this year shows a valuation of \$83,280 placed on automobiles and in addition to this there is a value placed on motor trucks of \$17,015.

The three banks in the county have a total value of bank shares of \$89,035.

If you were left to guess the number of "Old Dog Rings" there are in the county you would not guess under a million, but you would certainly miss for there are only listed for taxation 1,278 of these beloved canines.

The taxes which will be collected from the assessment will amount to about \$1105,000.

BASE BALL

The Marion Red Sox went to Paducah Saturday and played the Paducah Tigers a very close and interesting game of clean baseball. The Tigers have a splendid team and in the warm-up preceding the game they showed some of the heat and fastest team work ever seen in this end of the state.

The game started promptly at 3 o'clock with about one thousand people in the grand-stand. Neither team scored in the first inning but Marion scored a run in the second. A very close game followed with neither team scoring until the seventh when the Tigers succeeded in scoring two runs. The game finished with the score standing Paducah 2, Marion 1.

The Paducah team is composed of the employees of the Illinois Central Railroad Company, three of whom have played with the Southern League.

IT'S COMING

What's coming? Why the big Senior play, "The Hoodoo". An all star cast from the senior class. It's home talent but it is just like home made jam, better than this here brought on stuff. Its a comedy in three acts, if it don't make you laugh then we don't want your money. See Bertha Graves as Aunt Paradise, an old southern dandy; see Jesse Elkins as the Dazzling Daisy, the actress, she ain't mean but she looks it; see Herbert Crider as little Hemachaus, the professors son, and laugh at his courtship with Margaret Hard, as Lala the maid, when he tells her he is an awful cutup; see James Henry as Billy Jackson the heart breaker, you will laugh with him and at him; see Lela Kemp as the school teacher; see Vivian Stone as Mrs. Ina Clinger, a young widow and her daughter, Angelina aged eight. And there are others too just as well. But you will have to come to the Strand Theatre and them for yourself Monday May 17.

Mr. James F. Price will preach at the Main Street Presbyterian Church Sunday morning at 11 o'clock and Sunday evening at 8 o'clock.

Go to Taylor and Taylor for nub-tie shirt hat or cap.

MRS. W. D. JAMES DIES SUDDENLY

On Wednesday night, April 29, 1920, Mrs. Emma R. James, wife of Mr. W. D. James, passed away at her home, about two miles west of Marion.

While Mrs. James has not been well for several weeks and her condition was not considered serious, but the end came very suddenly.

Before her marriage, Mrs. James was Miss Emma R. Bassett, she was born in Webster County, May 29, 1854. She professed faith in Christ when a little girl and united with the Rock Spring Baptist Church in Webster county.

She was first married to Mr. E. W. Jones and to this union were born four children, two of whom survive her, Mr. Jones having died several years ago, she was married to Mr. W. D. James in 1911.

The funeral services were held at the First Baptist Church in this city, Rev. J. B. Trotter officiating and the interment at the Maple View Cemetery.

Mrs. James lived a consistent christian life and her influence was felt by all with whom she came in contact, and was loved by all who knew her.

She is survived by her husband, Mr. W. D. James and two sons, Messrs. T. T. Jones and J. P. Jones, and a host of relatives and friends.

SEASON OPENS IN MARION

The opening game of baseball in Marion was played Wednesday afternoon between the Hopkinsville Independents and the Marion Reds. The first ball was pitched by Mayor T. W. Haynes. Although the Hopkinsville team was a bunch of clean sports they were no equal for the Reds and consequently the game was a walk-away for the Marion team the score being 13 to 0.

Kimsey was first up, making a safe hit and scoring. He was followed by Frazer who also scored. No further runs were made until the sixth when all on the Marion team scored but one, and two scored twice.

Hopkinsville threatened to score when the buses were full with Roberts at bat and the call three and two, he dumbled an easy one to Wheeler for a first double play cutting off the threatened run.

There was a good crowd in attendance but with an expense of \$75, there was a small deficit. Of course there has been no grandstand built yet but the lumber is on the ground and when we get the park equipped and with a team like this, Marion will be put on the map of the baseball world.

CARD OF THANKS

We desire to express our heart felt thanks to our many friends who were so kind to us in our bereavement, the loss of a dear wife and mother. Tender hands cared for her and gave all that loving hands could give. God called for her May 5, 1920.

We again thank one and all.
W. D. JAMES
T. T. JONES
J. P. JONES

WHO WANTS THIS FORD?

If you would be interested in buying a second hand Ford at a sacrifice, one that is in perfect mechanical condition and guaranteed to cover the territory see W. M. Kemp or H. E. Wright at Foster and Tucker's Garage.

ERNST ENTERS SENATE RACE

CANDIDATE NOTED FOR
EXTENSIVE CHARITY WORK

EDUCATOR AND "Y" LEADER

Ardent Supporter of Movement
To Wipe Out Illiteracy

It is hardly necessary to introduce Richard P. Ernst, whose candidacy for the United States Senate has just been announced, to the average Kentuckian.

His name has appeared throughout the state in connection with charitable movements, war campaigns, church and missionary work and drives to aid the schools and school teachers, especially in the mountain districts.

His charitable work, aggressiveness and progressiveness in civic movements and personal popularity have made him one of the most generally admired men in Northern Kentucky.

His extensive work in the interests of his state and its people began immediately upon Mr. Ernst's graduation from the famous Old Centre College, Danville, where he was valedictorian of his class.

Admitted to Bar.

He was admitted to the bar in Kentucky county after examination by Senator John W. Stevenson and Judge William R. Arthur and since has practiced law in Covington and Cincinnati with the same aggressiveness and success that have featured every movement worth while into which he has directed his efforts.

Glancing over the long list of his activities one can see that he continually has collected himself in movements in which he could accomplish best results for the people.

As trustee and a member of the Executive Committee of Old Centre College, Kentucky State University at Lexington, and of Pikeville College, his excellent advice and assistance in matters of importance have been extremely beneficial to the students.

War On Illiteracy.

Recently he has taken a deep interest in the campaign teachers are waging for increased salaries and has been taking active steps to secure better pay both for the teachers of the state and for the professors in our colleges and universities. The mountain schools especially appeal to him and he has been an ardent supporter of the movement to wipe out illiteracy and to offer residents of the mountain districts better facilities for education.

Mr. Ernst's continuous help has been received by the churches of the state, regardless of denomination. He is an older and succeeded his father as superintendent of the Sunday-school, their terms of service covering a period of nearly 80 years. He has been looking after educational and missionary work in the mountains, as chairman of the State Committee of his church, and has succeeded in more than doubling the amount heretofore given for this purpose.

And his work does not end there. He is president of the Covington Y. M. C. A. and a member of the National War Council. As head of the Y. M. C. A. he has been mainly instrumental in erecting one of the most complete and modern buildings to be found.

Son in Active Service.

He was native in every form of war work and gave continuously of his time, labor and money, whenever called upon. His only son was serving at the front in France, as a captain in the regular army, when the armistice was signed.

He had entered the army as a private and during the Mexican trouble at Washington, winning a second lieutenant. Mr. Ernst's son-in-law, John P. Barnall, of Flemingsburg, volunteered as a private and also was in active service at the front.

His wide and extensive business and professional experience, as counsel for and advisor to many large financial and manufacturing concerns, has been of unlimited value to his state and community, as he has been called upon many times to give advice when matters of big moment were being considered.

Mr. Ernst's record of service in the Republican party is a long one.

Good Republican Record.

Beginning as a Camellian in Covington, he was kept in office by members of both parties until he insisted on retiring. For many years he was on the State Central Committee and for four years served as its chairman. He has represented his district a number of times at National Conventions and also has been one of the "Big Four" from his state. It was he, who, while state chairman, established state headquarters at Louisville, since continuously maintained by the party. He also has been a liberal financial supporter of the party during all three years and one of its wise counselors.

Mr. Ernst's father was William Ernst, a banker at Lexington, subsequently Covington. His mother was Sarah A. Butler, a Jessamine county girl.

It was through Mr. Ernst's instrumentality that the Covington Industrial Club was developed and through his efforts that the campaign to erect a magnificent headquarters for this remarkable civic organization was successful.

SAFE as the State of Kentucky

This bank, as all state banks, is under the direct supervision of the State Department of Banking and subject to the examinations of that Department. Our reports, published from time to time show how well we measure up to the standard.

SERVICEABLE

as it is possible for men who are interested in your welfare to make it. Our bank is a Safety-Service bank in all that the words imply. Our business is to advance and safeguard your interests. Our ever increasing list of depositors is evidence of our ability to give to our customers the best service to be had.

FARMERS BANK & TRUST CO.

Marion, Ky.

CITY COUNCIL WAKES UP

Last Monday night the city council met in regular session and started some real action.

This body of men have been accused in times gone by of being more or less slothful and dilatory. Monday night's meeting proved that they are at least injecting a few modern ideas into the conduct of the affairs of the city.

A number of "lobbyists" were on hand to ask that a "chicken law" be passed, which was done after some discussion by members of the council and others. Some argued that it would be a hardship on some people to have to build a fence around their property to keep their chickens in as wire was high and hard to get at any price. Others came back with the idea that it was just as much hardship on the people without chickens to fence their property to keep the neighbors' chickens out, and besides a person has no more right to raise their chickens on some one else's property than they did a crop of corn. The council voted the ordinance unanimously requiring owners of chickens to keep them confined to their own premises.

The matter of the purchase of a fire truck equipped with the necessary apparatus for extinguishing fires came before the council. It was explained that with this apparatus costing only \$2500 would save the residents of Marion about \$5000 annually in fire insurance premiums, providing the city have the necessary volunteer fire department. It was voted that the truck be purchased, the vote being as follows:

Yeas, Walter, McConnell, Levi Cook, R. F. Haynes, Nays, Charles Daugherty, W. T. McConnell, H. V. Stone. Vote being three and three it was necessary for the Mayor to cast the deciding vote, which was for the purchase of the apparatus.

No explanation of their vote was offered by the councilmen voting nay, so it was not known whether it was because the idea of another big fire caused them no uneasiness or from mistaken ideas of economy. The fact that Morganfield, Providence and other cities of the same class as Marion are doing much street improvement work this year the matter was brought to the attention of the council. This work is done at the expense of the property abutting the improvements, the cost being spread over a number of years, usually ten. The majority of the councilmen thought it was about time for Marion to get out of the cross roads class as far as streets are concerned and voted to assess all permanent improvements in the above mentioned manner and begin to go somewhere. All the councilmen voted in favor of this measure except Mr. Charles Daugherty.

Last but not least we get down to the water works proposition. Mr. Fred T. Thayer, hydraulic engineer with the Layne & Bowler Co. of Memphis was present and outlined a plan whereby it would be possible for Marion to have this one convenience that Kuttawa, Vine Grove and other large cities of less than a thousand inhabitants found out years ago that they could not get along without.

This will be gone into more fully at an adjourned meeting of the council next Monday night.

This was by far the best meeting of the council for many months and it begins to look like Marion was going to get a fresh start and come into her real position as the best town in the best state of them all.

—See W. E. Helt if you want to sell your farm.

A GOOD WOMAN PASSES AWAY

Mrs. A. L. Charles passed away at the home of her daughter, Mrs. A. A. Myers of Benton, Kentucky, Thursday May 6. She had a fall some years ago from which she never recovered. She was a good christian woman and was loved by all who knew her. She leaves three sons; Frank Charles, of this city, Marvin of Paducah, and W. E. of Dycusburg; also three daughters; Mrs. Joe Hill of Tiline, Mrs. Ben Hill of Centerville, Ill., and Mrs. A. A. Myers of Benton Kentucky. The remains were laid to rest beside her husband A. L. Charles who died a few years ago.

SOCIETY

The graduating class of 1920 were the guests of honor at an informal entertainment given at the basement of the Methodist church last Friday evening by the Junior class of the High School. Arrangements had been made to give the entertainment in a vacant house near Post Oak school house, which had been prepared but due to the rain it was impossible to get fifty people out there. Despite the disappointment an enjoyable evening was spent by all. Music was furnished by the orchestra and games were played. Refreshments were served at 10 o'clock consisting of sandwiches, deviled eggs, fruit salad, coca cola, and cake and ice cream.

Those present were: Mr. and Mrs. V. L. Christian, Miss Thompson, Mrs. J. H. Moore, and the Junior and Senior classes.

ROCHESTER RESIGNS

N. Gray Rochester, Deputy collector and head State bookkeeper in the internal revenue office tendered his resignation to Collector Elwood Hamilton, Mr. Rochester will take a position with the Bradas & Greens Company. He had been with the Government service since January, 1914, having been appointed by the late Senator Ollie James.

—There is quality, style and service in Delker Auto tops. You see them everywhere. John J. Delker Co. Henderson Ky.

"TURKEY" WALKS OFF WITH THE MEET

Charles Hughes a Crittenden county boy living near Weston, and who attended Marion High School last year is attending the John Locke School at Elkton this year. He has made quite a reputation for himself both in foot ball and base ball but when Elkton entered the track-meet this spring "Turkey" carried off seven events out of ten. He won two gold medals, three boxes of candy, five dollars in gold, a hair cut shave and his suit pressed. Isn't this a showing for Crittenden county to make at this school? Watch Crittenden county boys wherever they go.

YOUNG PEOPLES NIGHT AT METHODIST CHURCH

Sunday evening May 16 will be young peoples night at the Methodist Church. Young people's choir, young people on the program and a service for every person between the ages of 13 and 35. This is a big feature night—every young person in Marion is most cordially invited.

LITTLE STORIES OF SUCCESS

The story is told of an editor who started poor twenty years ago and has retired with a comfortable fortune of \$50,000. This money was acquired through industry, economy and conscientious efforts to give full value, indomitable perseverance and the death of an uncle who left the editor \$48,999.50.—Lyon Co. Herald.

WOOL POOL SOLD

To Davidson, Seay, Adams Co., Princeton, Ky. Clear wool 501-2c, light burry 40, medium burry, 34, hard burry 23. All wool to be delivered at the depot May 15. Everybody bring your wool.

J. ROBERT BIRD

—WANTED Man with team or auto who can give bond to sell 137 Watkins home and farm products. Biggest concern of kind in world. \$1500 to \$5000 yearly income, territory in this county open. Write today. J. R. WATKINS CO. Dept. 112, Winona, Minn. 41 5*

DON'T STRUT

Just because you insured your property against fire years ago. You'll wake up some morning to the realization that the value of your house has so increased as to make additional insurance vitally necessary.

The Hartford Fire Insurance Company's rates remain the same. Come in and talk over "Full insurance."

The fire prevention services of this company are exactly what you need. See us to day. You'll not regret it.

C. G. Thompson Insurance Agency

THE GROWING AGENCY.

CONCRETE BUILDING MARION, KY.

Most of You Are Busy With Your Farm Work

But you should not neglect to take care of your insurance matters.

We are prepared to serve you satisfactorily, and will be glad to have you as one of our clients. We are as near you as your telephone.

Crider & Woods Co.

Miss Nell Walker C. W. Lamb.

Incomplete Diagnosis.

Jack, aged three, went to see his new little cousin. When he came home his mother asked him how the baby was and what it was. He replied: "Oh, mother, they got a nice little dollie, but I can't tell you what it is, because she didn't have any hair yet."

Famous Russian Crown.

Probably the most valuable and interesting of all the Russian crowns was the one made in 1702 for Catherine II by Ianniz, a celebrated jeweler of the day. Since the time of Catherine this crown has been used at the coronation of all the rulers of Russia.

Concluding the Ceremony.

The Justice of the Peace—Do you take this woman to be your lawful wedded wife?
The Bridegroom—I do.
The Justice—Then I pronounce you man and wife. And remember you asked me to do this. Don't ever blame me.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surface of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surface. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists. See Circulars from F. J. Cheney & Co., Toledo, Ohio.

The Usual One.

"What was it made you feel so cut up in that telephone affair?"
"I suppose it was the operator."

Never Judge a woman's looks by her appearance.

Not Fast Color.

Human nature is likely to become somewhat overenthusiastic as it presses on in some worthy undertaking and we imagine some of the reds now awaiting the sailing of the next ark weren't much more than pink.—Ohio State Journal.

Benefit in Wearing Glasses.

Wearing glasses does not weaken the eyes. This effect is apparent because the eye gives up straining and receives the full necessity for glasses. Often eyes become so strengthened by the rest thus given that after a time the glasses are no longer needed.

Playing the Game.

Grace—She saves all letters she receives from her male friends.
Elythe—For mere sentiment?
Grace—No; she thinks she might work a bunch of promise suit out of them.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable result maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.
However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advt.

One never knows how foolish some men can get until they break into the father class.

KENTUCKY NEWS ITEMS

Condensed News of Interest From All Parts of the State

Franklin.—Itubyene, 2, daughter of S. T. Longfellow, oil operator, died as the result of having swallowed a coin.

Lagrange.—J. W. Grimes sued D. A. Schuler for \$2,500, alleging the defendant accused him of taking a sack of corn from his crib.

Madisonville.—A. D. Mellum found a vagrant vein of coal five feet thick on his farm and has opened a mine to supply local trade.

Mt. Sterling.—Mrs. Charles Oldham will sail for England from New York to represent Kentucky at the World W. C. T. U. conference.

Pineville.—The village of Heller, this county, gives an even dozen sons to the army, and the squad has been sent to Camp Taylor for machine-gun service.

Richmond.—The bridal gift of W. F. Park to his daughter, Mrs. B. Z. McKimney, was a home, he having purchased the residence of Alex. McIninger.

Mt. Sterling.—John Gilchrist, 7, and little Mary Gatewood were run over by automobiles on successive days, but both escaped without permanent injuries.

Hickman.—Finley Black, wife and child escaped cremation by using a shift when their home, entirely surrounded by back water, burned in the night.

Hickman.—With the flood running through his restaurant, Leonard Frost has constructed a temporary floor on scaffolding and continued service unintercepted.

Stanton.—W. H. Frazier, who died following an operation in a Lexington hospital, had served two terms as county clerk and was a candidate for county judge.

Madisonville.—Phis Jones, 32, who with his wife and child left for Arkansas to make their home, was stricken with pneumonia and died at Dexter, Mo., on the way.

Maysville.—The jury found for the defendant in the \$5000 slander suit of C. E. Fuller, who alleged John Hozze had accused him of stealing 1½ bushels of corn.

Cordiu.—During the absence of the family the house of Charles Hudson, of Barboursville Hill, together with its contents, was destroyed by fire of mysterious origin.

Bowling Green.—Mrs. V. E. Tygret and a driller were severely burned when a torch with which they were sweeping a new well on her lease set fire to the oil.

Springfield.—H. B. McDowry, manager of the Springfield Light & Power Co., has opened negotiations for the purchase of the light and water systems in Harrodsburg.

Uniontown.—Waves tumbled by a high wind swept a number of hogs from mounds on which they were numbered by high water. Numerous barns and houses were blown down.

Falmouth.—After being dragged for some distance and seriously injured, Everett Grogan's life was saved when the lines, becoming entangled in a wheel, jerked the racing team to their haunches.

Hartford.—Returning from Dukehurst, Leonard Smith and his two sisters were thrown into the river when their boat was upset by the current. All reached safety after being carried 75 yards.

Elizabethtown.—Mrs. Susan Jane Gramam, 77, met death in her home when her dress caught fire from a stove. When neighbors broke in the doors her body was found under the burning bed.

Hopkinsville.—The large safe in the office of R. E. and W. D. Cooper, tobacco warehousemen, was burglarized by unknown parties. The outer doors were not locked, but the inner doors were and these were forced. The heavy steel cabinet inside was torn out bodily and taken away and has not been recovered. In it was a small amount of money, some checks, \$150 in Liberty bonds, some war savings stamps, and many private papers.

Hartford.—Twenty suits were filed against the Crownwell branch of the American Cooperative Association, which conducts many stores throughout the country, on the alleged ground that the association has not fulfilled promises to those who took stock.

Burlington.—Numerous grass fires have resulted in this section from burning tobacco beds, the largest reported being on the Elmer Goodridge farm, where extensive territory was swept before the flames were controlled.

Lexington.—In her will, Mrs. Josephine May, author and noted breeder of thoroughbreds, entitles Ashland Farm during the life of her two daughters, and expresses the hope that the property will continue in the possession of the family.

Wilton.—A detective agency has been employed to trace two men claiming to be from Cincinnati, who tried vainly to secure an automobile from a local garage on the ground that one was the owner and the other his attorney.

Morehead.—The epidemic of smallpox in Rowan and Rockcastle counties has been officially declared under control.

Henderson.—The Southland Coal Co. bought the mines of the Mid-West Fuel Co., located in the city limits, for \$120,000.

Pineville.—Edward Runch, miner, killed by falling slate at the Eagle-Jello mines, was the father of nine children.

Lawrence.—The \$195,000 road bond election was carried affirmatively by 1,200 votes, which assures federal-aid highways.

Hopkinsville.—Strawberry planting is in full progress, many tobacco farmers having joined the strawberry association.

Louisville.—During his last convalescent moments, Benjamin Yarraguch, 35, who died of poisoning, said nobody loved him.

Mt. Olive.—Frank Collins, who has celebrated his 82d birthday, boasts he has not had a living doctor, he last having been sick 70 years ago, when he had measles.

Middlesboro.—John Cole was acquitted on a plea of self-defense. He killed Alonzo Weaver, an army comrade, in a pistol duel attending a poker game at Fork Ridge.

Frankfort.—Under an arrangement approved in Washington enough federal-aid road projects will be placed by agreement to prevent the loss of government allotment.

Berea.—Berea College had a warrant issued for Will French, restaurant proprietor, in which he is accused of converting the institution's electric current to his own use.

Winchester.—A meeting of the Commercial Club will be held to consider a referendum, it being contended that the government's finding of 7,500 is 2,000 short of actual population.

Richmond.—Anderson Agge, deaf-mute, was arrested and placed in jail on a charge of having beaten his father and mother, Ambrose Agge and wife, at their home in the East End.

Glasgow.—Walter Lee Moore, of this place, chief boatswain of the U. S. S. New Jersey, was awarded a gold medal for bravery in rescuing a shipmate from drowning at Ponta Del Gada, Azores.

Frankfort.—Rock asphalt will be used to reconstruct two roads, contracts for which have just been awarded. Five miles in Bell county will cost \$104,115, and eight miles in Rowan county \$207,770.

Lagrange.—George Blaydes, hurt in a fall from a ladder, was the second sophomore at the high school to be seriously injured in falls attending efforts to remove the flag of the Junior class from the flagstaff.

Bowling Green.—An oil rig owned by the Carter Oil Co. was destroyed by fire, resulting from a pocket of gas. Johnson Queen was painfully burned and received an oily cut on his shoulder in making his escape.

Louisville.—A fatal wound was inflicted when Stewart Hampton, 21, discharged a shotgun into his chest, in his grandfather's barn near Crestwood. "I could do it over again," is the only statement as to the cause.

Lexington.—Waiting for a street car, Lucile Shaw, 5, was run over by an automobile, the driver of which escaped identification. Her right arm was broken, eye injured and she sustained other severe bruises.

Vine Grove.—Walter Ward, Jr., 11, who disappeared from his Louisville home, was found on the Dixie Highway by Mrs. C. C. Stovall. He said he was on his way to visit an aunt at West Point, and was exhausted.

Winchester.—By decision of the Court of Appeals, insurance companies lose their contention that the explosion of gas and not the accompanying fire in the Rupert-Stewart store was responsible for the \$6,200 loss.

Louis.—A Distinguished Service Cross has been awarded Lewis H. Nixley, of Lubbock, for extraordinary heroism in attacking a machine gun position, killing the crew single-handed and carrying the gun to American lines.

Danville.—Terms under which the famous Cecil will case was compromised and the special term of court terminated provide that each of the contestants shall receive \$15,000 and be entitled to total income from the estate during their lives.

Mayfield.—A. T. Hicks has appealed to the Kentucky delegation to take steps to have the body of his son, Barleigh Hicks, who accidentally killed himself at Cayman, Honduras, brought back to the United States. Under Honduran law the body can not be exhumed for several years.

Caldwell.—Miss Ethel Clark, 18, daughter of Samuel Clark, former local grocer, is recovering in a Detroit hospital from poison taken, authorities allege, when her fiance, Joseph Ellis, was killed in a railroad accident.

Hopkinsville.—An unusual legal controversy is before Judge Bush. When arrested Will Rejourn, accused of robbing E. L. Allen, had \$53. He claims it is not money taken from Allen. The stolen money, he alleges, was hidden on the river bank and washed away.

Frankfort.—Postcards will help build the War Mothers' Memorial Bridge, to span the Kentucky River in front of the Capitol, the painting of the projected structure having been reduced to electrotypes for the printer.

LEFT RECORD AS INVENTOR

English Marquis, Three Centuries Ago, Had Ideas for Projects at That Time Undreamed of.

One of the most curious books in English literature is that which bears the title, "A Century of Inventions," and whose author is Edward, marquis of Worcester, who died April 3, 1907. The book appears to have been written 12 years before his death, and consists of hundreds of descriptions of projects, none of them, however, so explicitly treated as to enable a modern adventurer to carry them out in practice.

In this book are to be found methods for secret writing, by cipher or links of a peculiar nature; telegraphs or semaphores, explosive projectiles that would sink any ship, ships that would resist any explosive projectiles, floating gardens, a method of fixing shifting sands, a way to make a boat work against wind and tide, and many other curious contrivances.

Nothing came amiss to the mechanical marquis; neither were his projects mere dreams, for he had worked out in his own mind a clear conception of a steam engine, and is believed to have made a working model of one. His estate was filled with all sorts of machines for raising water to the top of the great tower by hydraulic power, and during the war he frightened away a troop of Roundheads by a display of these unknown powers.

The marquis impoverished himself by his adherence to the cause of Charles I, and when Charles II. came on the throne he was either recompensed for his losses or rewarded for his fidelity. Kings' memories are often very short.

MATING ARRANGED BY ELDERS

Young People of Java Have Little to Say in Selection of Husband or Wife.

Marriages in Java are typical of people in all tropical climates. In that the couples wed when they are very young. When a girl reaches her eleventh or twelfth year, her parents begin to look out for a suitable husband, and after the selection has been made they start long preliminary discussions with the parents of the boy. The father of the girl then consults the "wise man" of the village, usually the only literate person in the community, further action being taken solely on his advice.

The wise man takes the first letters of the names of the prospective bride and groom and draws them together in various shapes, then meditating over the combination which is to decide whether the boy and girl are going to be happy in their marriage. If the drawing suggests in the imagination of the wise man a tree with many branches, he warmly recommends the alliance between the boy and girl as the drawing is supposed to promise them prosperity and, above all, a large family.

When the selection is made to the satisfaction of all concerned, the parents begin to discuss the dowry which, in the case of the Javanese, is supplied by the groom, consisting of dresses, food, household goods and other similar articles.—Detroit News.

Conserve News Print.

New York.—The American Newspaper Publishers' Association pledged its members not to consume any more news print from May 1 to Dec. 31 next than they did in the corresponding period last year.

Sentenced For Grave Crime.

Atlanta.—Eight Camp Grant negro soldiers, convicted of criminal assault upon a young white woman at the camp in May, 1915, arrived at the federal penitentiary here under heavy military guard. The men are all life sentences.

Exchange Prisoners.

Paris.—Representatives of France and the Russian soviet government have signed an agreement relative to the exchange and repatriation of prisoners of war held in each country.

WARSHIPS GO TO MEXICAN PORTS

NAVY DEPARTMENT TAKES ACTION TO PROTECT AMERICAN INTERESTS THERE.

SUMMERLIN TO MEX CAPITAL

Reported That a Federal General Has Joined Forces With Rebel Commander in the Great Oil Field District.

Washington.—Two warships from the Pacific fleet have been sent to Mexican waters to protect American citizens and interests at Mazatlan and Topolobampo. They were dispatched from San Diego on orders from the Navy Department representatives at those two Mexican Pacific coasts.

A similar request came from the government agent at Frontera on the Gulf coast, but was not acted upon, pending further investigation of the situation there.

The exact situation at Mazatlan and Topolobampo was not known here. There had been no report of disturbances at either place and latest advices said a federal force of 350 men and two cannon had arrived at Mazatlan.

Sonora state troops in rebellion against the Carranza government are known to be pushing on towards Mazatlan, the most important Mexican gateway on the Pacific. This force is now well south of Topolobampo, but whether a detachment had been deployed to make an assault there was not clear.

At the Navy Department it was said that the cruiser Salem and destroyer No. 276, the ships ordered to Mexico, were under instructions to investigate the situation. There are extensive American interests at Mazatlan, where the Mexico-California Steamship Company has its terminal. Word has been received at the offices of the company that both of the Mexican ports have been closed.

The cruiser Sacramento was at Frontera on April 19 and remained a short time. Some uneasiness was felt there at that time.

George T. Summerlin, American charge d'affaires at Mexico City, who has been consulting with Secretary Colby at the State Department, left for Mexico City, and it was understood his departure has been hastened because of the situation in Mexico.

In official circles it was reported that Gen. Arnulfo Gomez, former federal commander at Tuxpan, Mexico, and Gen. Manuel Palaez, who for several years has commanded rebel forces in the oil fields, has joined forces against the Carranza government. They were reported on April 22 to be attacking the federal forces at Tuxpan. It also was said in official circles that Col. Galegos, commander of the federal forces at Llaneros, Nuevo Leon, had rebelled with his entire garrison. This town is on the Monterey-Tampico division of the National railroad and commands an important section of the northern part of Mexico.

Refuse to End Walkout.

Chicago.—Several thousand striking railroad workers at a mass meeting refused to take action to end the unauthorized walkout, now in its fourth week in the Chicago terminal district.

Exchange Prisoners.

Paris.—Representatives of France and the Russian soviet government have signed an agreement relative to the exchange and repatriation of prisoners of war held in each country.

SOLAR SYSTEM MADE PLAIN

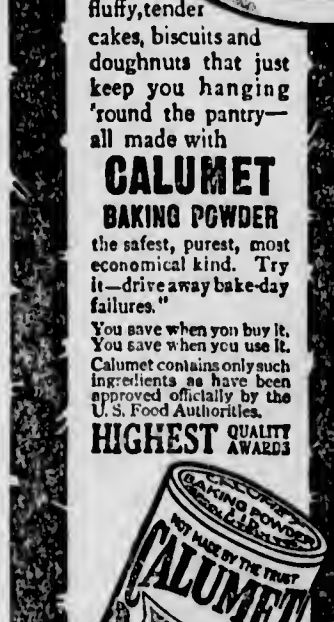

Illustration Given by Herschel Is Probably the Most Comprehensive Ever Devised.

Perhaps our most graphic picture of the solar system is given by Herschel. Imagine a circular field two and a half miles in diameter; place a library globe two feet in diameter in the very center; 82 feet away put a mustard seed. The globe would represent the sun and the mustard seed Mercury. At a distance of 142 feet place a pea, and another at 215 feet. These will represent Venus and the earth, both as to size and distance. A rather large pinhead at a distance of 327 feet will speak for Mars, and a fair-sized tangerine a quarter of a mile distant will stand for Jupiter. A small lemon at two-fifths of a mile will play the role of Saturn, a large cherry three-fourths of a mile distant will answer for Uranus, and a fair-sized plum at the very edge of the field will proclaim Neptune.

Eighty moons would be required to make one earth. A player there could throw a ball six times as far as it can be thrown on American diamonds. A man weighing 150 pounds there would weigh 900 on the earth. The earth receives as much light and heat from the sun in 13 seconds as it gets from the moon in a whole year.—From a Bulletin of the National Geographic Society.

PRINCE ALBERT

the national joy smoke makes a whale of a cigarette!

YOU certainly get yours when you lay your smokecards on the table. You call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

For more than Forty Years Cotton Growers have known that POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

20 per cent MANURE SALT

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also,—100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three Standard GERMAN Potash Salts that were always used in making cotton fertilizers and have been used for all those years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.

Send me a Dixie Razor on approval for 10 DAYS FREE TRIAL. If satisfactory, I will send you Special Factory price of \$1.95. If for any reason I do not want it, I will return it to you at the end of 10 days. I'll keep razor and pay for it promptly if you send me a DIXIE \$1.95 RAZOR HOME FREE. (No money down.)

NAME..... STATE.....

Richard P. Ernst Announces For United States Senator

HON. RICHARD P. ERNST.

Covington, Ky., May 10th, 1920.

For some time past it has been known to many of my Republican friends throughout the State that I would be a candidate for the Republican nomination for United States Senator.

I now desire to make public announcement of that fact.

I keenly appreciate the responsibility and importance of this high position, and, in the event of my election, I will give to the duties of this office the best there is in me, and will represent the people of Kentucky and the United States to the best of my ability.

I desire, also, to take advantage of this opportunity to express my sincere thanks to the many Republicans throughout the State who have, without solicitation on my part, so kindly and generously offered me their support.

RICHARD P. ERNST.

J. N. BOSTON & SONS

THE CRITTENDEN PRESS

Marion, Ky., May 11 1920.

By W. F. and W. P. HOGARD.
Miss Louisa Wilborn, News Editor.

Entered as second-class matter February 9th, 1878, at the postoffice at Marion, Kentucky, under the Act of Congress of March 3rd, 1877.

SUBSCRIPTION RATES

\$2.00 per year cash in advance

Life holds much in store for us, but it doesn't dish it out indiscriminately upon request.

It's always easy to take up a collection for charity—when the names are to appear in print.

Some people are always trying to annex the goose that lays the golden egg, while others are content with the egg.

No do not bring us a spud on subscription it might strain our bank account to make change.

Hiding their lights under a bushel is a favorite occupation with some people. But it's rough on the bushel.

Some people are so public spirited they want a dollar's worth of advertising for every nickel they spend in building up this town. They get it—and realize it when too late.

Yes it will pay you to push this town along. It will take you with it.

There's a world of contrast in some families. The old man laboriously works himself from the bottom to the top through years of toil and his sons start at the top and tooggan to the bottom with a whoop.

When in doubt forget your doubts. Go ahead and do it. It's better to be wrong once in awhile than to be nothing all the time.

TEACHERS' EXAMINATION

The first regular examination for elementary teachers' certificates will be held on Friday and Saturday May 21st and 22nd.

As the law now provides the white and colored teachers will be examined at the same time and on the same questions. The white teachers will be in one room and the colored in another. One of the two examiners will be with the white teachers and the other with the colored. The County Superintendent will work where the most applicants are.

At the beginning of the examination each applicant will be given a number by which the applicant is to sign all his papers in that examination but the applicants name should not be on the paper upon which he answers the questions. The applicant will give his address, age, and number of his oath, and on the back of his oath state the number of years he has taught, the number of years he has attended high school, normal school and college. Forty weeks will be counted as a year of attendance, twenty weeks a half year and ten weeks one fourth year.

Blank manuscripts upon which the applicant is to write the answers is now furnished by the state and will be given out as needed on the day of examination. Applicants who desire to use scratch paper must provide it for themselves.

Each applicant for an elementary certificate shall pay a fee of two dollars, which the County Superintendent is to forward to the state superintendent, who will use it in defraying the expenses of the examination.

An elementary certificate of the first grade shall require an average grade of eighty-five per centum upon all the subjects of the common school course and the lowest grade on any subject shall not be less than seventy per centum. No high school subjects will be added this year.

An applicant for a teachers' certificate must be eighteen years of age before the day of the examination and must be known to be of good moral character.

At the close of the examination the applicants' papers are to be collected and forwarded to the State Superintendent at Frankfort, where they are to be graded and the certificates issued. Certificates for each county are sent to the County Superintendent who shall deliver them to the applicants.

LUMPS OF INDIGESTION

"Pape's Diapiesin" at once
fixes your Sour, Gassy,
Acid Stomach

Indigestion! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—no waiting!

The moment you eat a tablet or two of Pape's Diapiesin all the indigestion pain and dyspepsia distress caused by acidity is relieved.

Your disordered stomach will feel fine at once.

These pleasant, harmless tablets of Pape's Diapiesin neutralize the harmful acids in the stomach, and give almost instant relief; besides they cost so little at drug stores.—Adv.

His Only Chance
"She says she's going to give singing lessons." "She'll have to. Nobody'd ever pay her for them."

"CALIFORNIA FIG SYRUP"
IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—Adv.

Petroleum products rank next to Russian for the quality of lubricants it yields.

Emily Dickenson.

She was never known to have a lover. She seldom left her father's house in Amherst, Mass., and when she crossed its threshold it was to wander alone in the quiet garden. And she has written some of the most impassioned verse in modern literature. Her solitary life set into the frame of her glowing verse is the answer to the question, "Do writers have to go through the varied phases of life to know 'love'?" Emily Dickenson was born in Amherst in 1830. She died there in 1886. Of her extraordinary verses that were withered by new forms of expression, regardless of poetic rules, a prominent clergyman and distinguished author of New England, Thomas Wentworth Higginson, said, "When a thought takes your breath away, a lesson on grammar seems impertinence."—Chicago Journal.

Fortune Telling by Bones.

It is strange that in the Transient belief in Kaffir doctors and their wizardry has not died out. Nearly every old Kaffir has always with him a bag of bones, knuckles and joints of animals. With these he pretends to be able to foretell the future. He throws the "bones" as they are called, and then reads out the omens. Should a white man wish to confer with the oracle, he must throw the bones himself. Many white men firmly believe in the ability of the Kaffir doctor to cure them from various ills, and in Rhodesia there have been many cases where the Kaffir doctors have saved white men from the ravages of the terrible fever that rages there, in addition to the other diseases.

Specialty in Winter.

"I see you have a great many automobiles about here," remarked the visitor.

"So we have," replied the Southern planter. "Most of them are falling into ruins, though."

"But I thought the South had struck its stride and was now progressive?"

"That's the very reason why those automobile maniacs are being deserted. They are long on looks and short on comfort."

KENTUCKY NEWS ITEMS

Condensed News of Interest
From All Parts of the State

Columbia.—J. B. Burton, 58, a merchant at Mettaka, died at his home there.

Chesapeake.—W. T. Robinson, Tompkinsville, bought the Davis Hotel from J. T. Mansfield for \$8,500.

Georgetown.—Following a blunk shot for December, two arrests have been made in the first half of January.

Flemingsburg.—Samuel Lamm, 57, fell dead from a sled of heart disease while at work at his farm near Bowling.

Frankfort.—W. T. Mellon, 51, Confederate veteran and police judge for many years, died at his home here.

Mayfield.—M. R. Brittingham, 51, Union veteran, member of several Mayfield lodges, died at Manchester.

Marion.—The Marion Hardware Company has bought the old Christian church and will convert it into a warehouse.

Ashland.—The plant of the A. C. & L. Furnace, damaged \$75,000 by fire following a boiler explosion, will be rebuilt.

Newport.—The Rev. P. S. Hausmann resigned as pastor of St. Paul's Evangelical church to accept a charge in Louisville.

Cynthiana.—Options are being secured on property preparatory to selection of a site for the Soldiers' Memorial Hospital.

Whitesburg.—Removal of an alleged insult to his wife, Thomas Niden shot and killed Tipton Wallen, a neighbor, on Miller's creek.

Letcher.—The Rev. J. A. Pike, 68, for many years in charge of St. Charles Catholic church, died at an infirmary from pneumonia.

Frankfort.—Mrs. Kate Langford, Lawrenceburg, died suddenly at the home of L. L. Moore, uraemic poisoning being the cause.

Mayfield.—Another State bank here is in process of organization and will occupy the old building of the Farmers' and Traders' Bank.

Cynthiana.—O. T. Trent, representing Louisville brokers, is organizing a new bank, which will begin operations with a capital of \$75,000.

Bloomfield.—Thomas Nelson, 63, who killed himself with a revolver at his home, had been town marshal of Fairfield for several years.

Princeton.—Elm Culp, 38, Boggs, was killed at the depot when he crossed the track behind one train and stepped in front of another.

Paris.—Mrs. Annie G. Daugherty, great-granddaughter of Governor Garrard, and granddaughter of General James Garrard, died at the age of 71.

Newport.—Frank H. Covatt, former city clerk of Newport, died at the Home of Union Printers, Colorado Springs, where he had been several years.

Harlan.—The American Express Company was fined fifty-nine times for alleged violation in 1918 of the anti-shipping liquor law, fines aggregating \$4,110.

Flemingsburg.—E. Gardner, rural carrier, had a narrow escape from death when a telegraph pole fell across his automobile, on line with the windshield.

Richmond.—Meager information of a double killing on Ross creek, Estill county, has been received here. John Freeman and W. N. Rader were alleged victims.

Augusta.—Mrs. William Breeze died as a result of injuries received when her vehicle was struck by an automobile as she was en route to a hospital for an operation.

Crittenden.—Tom Jones, convicted of murder in Greenup county, and here for safekeeping, was granted a new trial and allowed bail in the sum of \$5,000, which he gave.

Newport.—M. J. Stolle and Matt Toemeyer owe their lives to being five of their automobile when it went over an embankment near the reservoir and turned over twice.

Mayfield.—Written confessions were made by David Weber and James Johnson detailing how they syphoned off half of a barrel of whisky through a warehouse window at the Pogue distillery, using a garden hose and wash tub.

Covington.—Counsel for Thomas Marklesburg, preacher, accused of the murder of Jesse Glenn, in Bracken county, claim to have found a clue pointing to a man in Campbell county, which they will submit at the trial next week.

Paducah.—Appointment of a clerk of the McCracken county court to fill the office left vacant by the death of Gus G. Singleton, clerk for ten years, will be made by County Judge Lang within the next few days.

Hopkinsville.—A membership drive in behalf of the Christian church branch of the Federated Farm Bureau, the national organization of farmers which is arousing so much interest all over the United States just now, will be put on here during February.

Whitesburg.—In spite of high cost of living, marriages here for the last six months set a record with 123, twenty-four licenses being granted in December.

Paris.—Mrs. J. W. Hilton tripped and fell twenty feet down a railway at her home, sustaining a crushed skull, from which death quickly resulted.

Cynthiana.—The most prosperous tenant of this county is Tom Sims, who received a check for \$6,011 as his part of a crop of tobacco grown on the Blair farm.

Paris.—Fricton from woolen garments that were being cleaned caused the explosion of a vessel of gasoline and John Asher, dry cleaner, was severely burned.

Henderson.—Dennis Rooney was held to the grand jury under \$3,000 bond for killing his brother, Alonzo. The defendant claims the shot was fired accidentally.

Mayfield.—Two prominent citizens who drank liquor containing wood alcohol, said to have come from Cincinnati, are under treatment and threatened with blindness.

Hopkinsville.—Nathan Nail, 15, was acquitted of connection with the theft of mail sacks at Nortonville, and R. A. Miller, a witness in the case, was arrested and will be heard.

Grayson.—Nine gallons of whisky carried in suit cases by C. Johnson and Will Sparks, was emptied in the gutter by court order, and they were fined \$100 and given fifty days in jail.

Augusta.—The bodies of Mrs. Frank Reynolds, 20, Point Pleasant, W. Va., and Miss Stella Walters, 17, daughters of Jacob Walters, who died on the same day, were buried in the same grave.

Hopkinsville.—The Sam Chestnut farm, near Trenton, in Todd county, was sold at public auction and brought \$12,111.10. The farm was divided into four tracts and was not offered as a whole.

Crittenden.—Mrs. Harry Menfee, 40, of a Covington attorney, who was a member of the Russian Women's "Battalion of Death," was internally injured when thrown from a horse.

Schree.—The body of the 5-month-old daughter of William Brown, killed when her mother stumbled over a chair, and her head struck the corner of a dresser in Evansville, was brought here for burial.

Georgetown.—The Gas, Electric and Power Company has refused the city's offer of \$67,500 for its properties, contending they had been appraised at \$112,500, but offers to sell at a price fixed by arbitration.

Paris.—Refusing a man who entered her home at Lysville to be her husband returning late, Nancy Hogue colored, beat him up with a broom and did not know until he fled that the intruder was a thief.

Jackson.—Higgins Miller and Glenville Neace, indicted on a charge of having used the mails to defraud, by buying goods from a St. Louis house and not paying the bills, were taken to Covington to await trial.

Henderson.—The Ministerial Association sent a committee asking moving picture theater managers to close playhouses on Sunday, receiving the reply they would not so long as other businesses were permitted to operate.

Hopkinsville.—The Christian county road commission, which came into being four or five years ago when a bond issue of \$30,000 was voted in this county with which to build roads, and which had charge of the expenditure of that sum, bonded in its next reports, and resignation of the members has been accepted by the board.

Russellville.—The First National Bank at Adairville, in this county, was entered by burglars and the safety vault broken into. The funds of the bank, however, were in the safe, and the burglars, after breaking the combination, were unable to gain entrance to this. They succeeded in rifling some of the boxes in the vault, however, but whether anything of value was secured will not be known until an inventory is taken. The men made their escape and there is no clue to their identity.

London.—A modern hospital is to be built at Corbin this year. Over \$100,000 of the capital stock of \$150,000 has been subscribed, and construction work will begin this spring. The three counties of Laurel, Wilkes and Knox, in each of which a part of Corbin lies, are making an active interest in the work, and are being aided by several neighboring counties, for which Corbin, as a railroad center, is the most convenient location for a hospital for the mining, lumber, and oil industries.

Harrodsburg.—Misses Fannie, Sallie and Ruby Chumley, daughter of W. T. Chumley, of this county, have instituted suit against the Cincinnati Southern railroad. The young ladies, now in age from eighteen to twenty-three years, and on June 8, 1917, went to Cincinnati on a Sunday excursion. The coaches were crowded and they were forced to men a wet seat, and the coloring matter on the cushion faded off on their white dresses and they were compelled to wear these stained clothing all day in Cincinnati and thereby much humiliated.

Hopkinsville.—In a special letter to Secretary Daltan, of the H. B. M. A., Federal Judge Walter Evans expresses the opinion that there is no occasion for establishing a federal court at Hopkinsville. This view on the part of Judge Evans is regarded as a body blow for the chances of a secure federal court here, but Congressman Kincheloe, who introduced a bill into Congress providing for a court here, has stated that he will continue to work to put the matter through, if possible.

Crittenden County Roads

By E. JEFFREY TRAVIS

The weekend brought a good many citizens into town, "cussin' and dis cussin' the roads.

Hob Gibbs avers that the roads in his community would be a buzzard; Perce Brasher thinks it dangerous to undertake to go anywhere, even to Sunday school, except on foot or in a flying machine; Tom Ed Walker says traveling on his roads is not so bad if it would not give you seasickness, so muddy; Charlie Hiza says the Salem road is in fairly good shape except there is about eighteen inches of "stuff" on top that renders travel a little laborious. Uncle Dick Cruce and Jeff Clement, the most optimistic of all callers and commentators, blame mostly the unusually wet and freezing weather that we have been having rather than the county road engineer and the overseers for our extremely muddy roads at this particular time.

Jeff says if it gets so he cannot go on horseback he will walk, or go around. "Uncle Dick is feeling good all over. Mr. Rees, with his crew of helpers, are now surveying close to his place, and he can imagine a good road if the "wolf never comes after the sheep." "Uncle Dick's good road spirit cannot be equalled or outdone by anybody unless it is Jack Baker Jack says, "I'm 'er thru any of my fields you want to. I own both sides." "Uncle Dick says, "I'd like to save the pond, but if it takes it, let 'er go. I'm for ye."

I hope all landowners along this right-of-way will be as enterprising and unselfish as these two men, and help instead of hindering the county in this much-needed improvement. The more trouble over rights-of-way the greater cost there will be to the county; the longer we will be in getting the road, and still the landowner will get no more for his lands, probably not so much should he take it into the courts.

It is proposed by some of the citizens of the Dycusburg community to have Mr. Rees, while he is here, survey the road from the Marion and Vincennes road to Dycusburg, and the project is being considered by those in authority, but we will not know until the division commissioner comes again.

Back to the mud again! Really, I think there are a great many of us who have "mud on the brain" when we try to travel or think about working on the Crittenden county roads, just now. A thousand times in my life, yes! thousands of times, have I arrived at the point where I thought I had bumped square up against the immovable, with no avenue around, over nor under, but I have been getting by these fifty years. It looks now that the Crittenden county roads are past all using. What are we going to do?

We all want to know. I don't believe the roads have been any worse in these fifty years, still they tell us we have spent more money for plows and teams than ever before; that the funds for roads and bridges has been smashed into worse than ever. Well, what does it signify? It signifies a wasteful, spendthrift sort of system. What do you say to having every able-bodied citizen from eighteen to eighty, or any other age as to that matter, become a road hand, and landowner and teamster he required to work his team on the roads as many as six days each year, if necessary without pay for said teams or implements. They will save the \$5,000.00 to \$7,000.00 spent on our dirt roads each year and give it to us to be used with state aid in building some permanent roads. We, under the present law, can get used under state supervision and with \$1.00 worth of work done for 25c. If

A Kentucky Woman's Testimony

Lexington, Ky.—"Dr. Pierce's Anuria Tablets I consider the most reliable medicine I have ever used for bladder weakness or kidney ailments. I had been suffering with bladder weakness and disordered kidneys. I would have to get up several times during the night to relieve myself. I also had severe pains across my kidneys. I saw 'Anurie' (anti-uric acid) advertised and decided to try it.

The results have been very satisfactory to me. My bladder trouble has left me. I can sleep all night without getting up, my kidneys have become active and normal and are able to throw off the poisonous matter in the proper way."—MRS. MARY SIMMS, 210 York St.

Suffered from Kidneys

Flemingsburg, Ky.—"I find I can give an honest testimonial as to the value of Dr. Pierce's Anuria Tablets. They are all that is claimed for them in every way. I was a sufferer from kidney trouble for three years and 'Anurie' (anti-uric acid) cured me, so I know just what it is. I cannot say enough for this medicine. I will answer all who write to me."—ED. POITIER, Box 140, Route 3.

"Anurie" is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anurie for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, swelling and burning urine and sleeplessness due to constant arising from bed at night.

If you wish to give "Anurie" a trial send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for a trial package, also write for free confidential medical advice.

used under state supervision and with state aid. A system like this would eventually give us hard roads in nearly all parts of the county. The only way to quit a thing is to quit it! The sooner we quit throwing our money into mud holes the sooner we will have money with which to build roads that do not get muddy, nor wash away.

You don't like this system? Well, what do you say to having all property owners pay reasonable property tax—say 30c for each \$100.00 worth of property, and each male citizen over twenty-one years, pay a reasonable

poll, say \$3.00 each year, for roads alone? This would give us a fund of about \$25,000.00. With proper equipment, and money properly distributed, this would work all our roads as well or better than now and leave us a nice sum to be applied with state aid in building some permanent road every year.

Don't like that? Well, what do you like? MUD?

Overseers, hands and neighbors, stick something in the mudholes and patch up a little until Mother Nature designs to give us a little sunshine and south wind to dispel the mud and water and give us another chance to throw some more dollars into them next spring and be ready for the next winter.

If you've got anything to say, say it to the editor.

Would Hold Railroads.

Washington.—Continuance of government control of the railroads for at least two years was asked of President Wilson again by representatives of the farmers' organizations, the American Federation of Labor and the four big railroad brotherhoods.

A Timely Help

The face is often the first to betray a decline in strength. When you feel rundown and your face is colorless, the need for

SCOTT'S EMULSION

is plainly evident. Those who have tried Scott's know its power to strengthen the body, enrich the blood and put the color back in the face. Don't be pale-faced—take Scott's Emulsion.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unassured. Scott & Bowne, Bloomfield, N.J. 19-25

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrop, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and more. I used to think it was a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I could eat up cups of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms I was in your line and it was certain. PE-RU-NA is much better condition than any other medicine."

Use this testimonial, if you will. Don't believe anything but the truth. (Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrop, skeptical at first but convinced by a trial of PE-RU-NA. DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is five times as effective as any other remedy.

Gold Everywhere Tablets or Liquid

FOR CATARRH AND CATARRHAL CONDITIONS

Lay a bet on
rolling 'em with

PRINCE ALBERT

the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin' cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is a crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-m-y, what a wad of smokespot will ripple your way every time you fill up!

R. J. Reynolds Tobacco Company Winston-Salem, N.C.

"Anything in particular happened while I've been gone?" asked Mrs. Johnson, upon her return from the quilting bee.

"You bet," triumphantly replied Cap Johnson of Rumpus Ridge, who had remained at home. "Only one of the children fell out of a tree, one into the creek, and one got scalded; only three pulled something over onto themselves, just two got dog bit, but the dog set himself afire, and amongst 'em they had only seven fights, and them few didn't amount to much!"

Kansas City Star.

"Specially in winter."

"I see you have a great many ant-bellum homes about here," remarked the visitor.

"So we have," replied the Southern planter. "Most of them are falling into ruins, though."

"But I thought the South had struck its stride and was now progressive?"

"That's the very reason why those antebellum mansions are being deserted. They are hung on looks and short on comfort."

Seabree.—The body of the 5-months-old daughter of William Brown, killed when her mother stumbled over a chair, and her head struck the corner of a dresser in Evansville, was brought here for burial.

Georgetown.—The Gas, Electric and Power Company has refused the city's offer of \$67,500 for its properties, contending they had been appraised at \$122,500, but offers to sell at a price fixed by arbitration.

Paris.—Believing a man who entered her home at Lysville to be her husband returning late, Nancy Hogue colored, beat him up with a broom and did not know until he fled that the intruder was a thief.

Jackson.—Higgins Miller and Glenville Neuge, indicted on a charge of having used the mails to defraud, by buying goods from a St. Louis house and not paying the bills, were taken to Covington to await trial.

Henderson.—The Ministerial Association sent a committee asking money picture theater managers to close playhouses on Sunday, receiving the reply they would not so long as other businesses were permitted to operate.

Hopkinsville.—The Christian county road commission, which came into being four or five years ago when a bond issue of \$100,000 was voted in this county with which to build roads, and which had charge of the expenditure of that sum, handed in its final report, and resignation of the members has been accepted by the board of court.

Russellville.—The First National Bank at Adairville, in this county, was entered by burglars and the safety vault broken into. The funds of the bank, however, were in the safe, and the burglars, after breaking the combination, were unable to gain entrance to this. They succeeded in rifling some of the boxes in the vault, however, but whether anything of value was secured will not be known until an inventory is taken. The men made their escape and there is no clue to their identity.

London.—A modern hospital is to be built at Corbin this year. Over \$100,000 of the capital stock of \$150,000 has been subscribed, and construction work will begin this spring. The three counties of Laurel, Whitley and Knox, in each of which a part of Corbin lies, are making an active interest in the work and are being aided by several neighboring counties, for which Corbin, as a railroad center, is the most convenient location for a hospital for the mining, lumber, and oil industries.

Harrodsburg.—Misses Fannie, Sallie and Ruby Chimney, daughter of W. T. Chimney, of this county, have instituted suit against the Cincinnati Southern railroad. The young ladies range in age from eighteen to twenty-three years, and on June 8, 1919, went to Cincinnati on a Sunday excursion. The coaches were crowded and they were forced to use a wet seat, and the coloring matter on the cushion faded off on their white dresses and they were compelled to wear these stained clothing all day in Cincinnati and thereby much humiliated.

Hopkinsville.—In a special letter to Secretary Dalton, of the U. S. M. A., Federal Judge Walter Evans expresses the opinion that there is no occasion for establishing a federal court at Hopkinsville. This view on the part of Judge Evans is regarded as a body blow for the chances to secure a federal court here, but Congressman Kimbrough, who introduced a bill into Congress providing for a court here, has stated that he will continue to work to put the matter through, if possible.

Crittenden County Roads

By E. JEFFREY TRAVIS

The weekend brought a good many citizens into town, "cussin' and discussin' the roads."

Belb Gibbs avers that the roads in his community would bog a buzzard; Percie Brasher thinks it dangerous to undertake to go anywhere, even to Sunday school, except on foot or in a flying machine; Tom Ed Walker says traveling on his roads is not so bad if it would not give you seasickness, so muddy; Charlie Hlan says the Salem road is in fairly good shape except there is about eighteen inches of "stuff" on top that renders travel a little laborious. Uncle Dick Grace and Jeff Clement, the most optimistic of all callers and commentators, blame mostly the unusually wet and freezing weather that we have been having rather than the county road engineer and the overseers for our extremely muddy roads at this particular time. Jeff says if it gets so he cannot go on horseback he will walk, or go around. Uncle Dick is feeling good all over. Mr. Rees, with his crew of helpers, are now surveying close to his place, and he can imagine a good road if the "wolf never comes after the sheep."

Uncle Dick's good road spirit cannot be equaled or outdone by anybody unless it is Jack Baker Jack says, "run 'er thru any of my fields you want to. I own both sides."

Uncle Dick says, "I'd like to save the pond, but if it takes it, let 'er go. I'm for 'er."

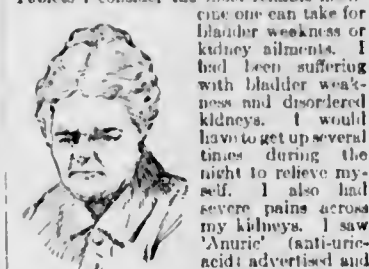

I hope all landowners along this right-of-way will be as enterprising and public-spirited as these two men, and help instead of hindering the county in this much-needed improvement. The more trouble over right-of-way the greater cost there will be to the county; the longer we will be in getting the road, and still the landowner will get no more for his lands, probably not so much should he take it into the courts.

It is proposed by some of the citizens of the Lynchburg community to have Mr. Rees, while he is here, survey the road from the Marion and Lynchburg road to Dycusburg, and the project is being considered by those in authority, but we will not know until the division commissioner comes again.

Back to the mud again! Really, I think there are a great many of us who have "mud on the brain" when we try to travel or think about working on the Crittenden county roads, just now. A thousand times in my life, yes! thousands of times, have I arrived at the point where I thought I had humped square up against the immovable, with no avenue around, over nor under, but I have been getting by these fifty years. It looks now that the Crittenden county roads are past all using. What are we going to do? We all want to know. I don't believe the roads have been any worse in these fifty years, still they tell us we have spent more money for plows and teams than ever before; that the funds for roads and bridges has been smashed into worse than ever. Well, what does it signify? It signifies a wasteful, spendthrift sort of system. What do you say to having every able-bodied citizen from eighteen to eighty, or any other age as to that matter, become a road hand, and landowner and teamster be required to work his team on the roads as many as six days each year, if necessary without pay for said teams or implements. This will save the \$5,000.00 to \$7,000.00 spent on our dirt roads each year and give it to us to be used with state aid in building some permanent roads. We, under the present law, can get used under state supervision and with \$1.00 worth of work done for 25c, if

A Kentucky Woman's Testimony

Lexington, Ky.—"Dr. Pierce's Anuria Tablets I consider the most reliable medicine one can take for bladder weakness or kidney ailments. I had been suffering with bladder weakness and disordered kidneys. I would have to get up several times during the night to relieve myself. I also had severe pains across my kidneys. I saw 'Anuria' (anti-uric acid) advertised and decided to try it. The results have been very satisfactory to me. My bladder trouble has left me. I can sleep all night without getting up, my kidneys have become active and normal and are able to throw off the poisonous matter in the proper way."—MRS. MARY SIMMS, 210 York St.

The results have been very satisfactory to me. My bladder trouble has left me. I can sleep all night without getting up, my kidneys have become active and normal and are able to throw off the poisonous matter in the proper way."—MRS. MARY SIMMS, 210 York St.

Suffered from Kidneys

Flemingsburg, Ky.—"I find I can give an honest testimonial as to the value of Dr. Pierce's Anuria Tablets. They are all that is claimed for them in every way. I was a sufferer from kidney trouble for three years and 'Anuria' (anti-uric acid) cured me, so I know just what it is. I cannot say enough for this medicine. I will answer all who write to me."—ED. FOITIER, Box 140, Route 3.

"Anuria" is found to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuria for kidneys or backache. It will cure such conditions as rheumatism, dropped swellings, cold extremities, swelling and burning urine and sleeplessness due to constant arising from bed at night.

If you wish to give "Anuria" a trial send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for a trial package, also write for free confidential medical advice.

used under state supervision and with state aid. A system like this would eventually give us hard roads in nearly all parts of the county. The only way to quit a thing is to quit it! The sooner we quit throwing our money into mud holes the sooner we will have money with which to build roads that do not get muddy, nor wash away.

You don't like this system? Well, what do you say to having all property owners pay reasonable property tax—say 30c for each \$100.00 worth of property, and each male citizen over twenty-one years, pay a reasonable

poll, say \$3.00 each year, for roads alone? This would give us a fund of about \$25,000.00. With proper equipment, and money properly distributed, this would work all our roads as well or better than now and leave us a nice sum to be applied with state aid in building some permanent road every year.

Don't like that? Well, what do you like? MUD?

Overseers, hands and neighbors, stick something in the mudholes and patch up a little until Mother Nature designs to give us a little sunshine and south wind to dispel the mud and water and give us another chance to throw some more dollars into them next spring and be ready for the next winter.

If you've got anything to say, say it to the editor.

Would Hold Railroads.

Washington.—Continuance of government control of the railroads for at least two years was asked of President Wilson again by representatives of the farmers' organizations, the American Federation of Labor and the four big railroad brotherhoods.

A Timely Help

The face is often the first to betray a decline in strength. When you feel rundown and your face is colorless, the need for

SCOTT'S EMULSION

is plainly evident. Those who have tried Scott's know its power to strengthen the body, enrich the blood and put the color back in the face. Don't be pale-faced—take Scott's Emulsion.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Borne, Bloomfield, N. J. 19-25

A WARNING

The success of VACHER-BALM in relieving Croup, Coughs and Spasmodic Croup has caused many imitations to appear; they cost the dealer less, but you have to pay about the same as for the genuine, which has the signature of E. W. Vacher on every jar and tube.

Everyone should keep Vacher-Balm handy. If your dealer will not supply you send 25c stamps for a tube, or better take the agency. E. W. Vacher, Inc., New Orleans, La.

Only a wise girl selects for a husband a man whose mother didn't know how to cook.

KENTUCKIANS SEE HOW MONEY IS SPENT

This State is in the "O. K." Province of the Salvation Army With Four Other States.

Kentucky is in what is termed the "O. K." province of the Salvation Army's national organization. This province includes Western Pennsylvania, Ohio, West Virginia, Kentucky and Tennessee. Provincial headquarters are maintained at Pittsburgh and Col. William Evans is in charge.

By the end of May, 1920, the "O. K." province will have spent more than a million and a half dollars. More than \$100,000 was set aside to take up mortgages and more than a half million was required for new buildings, etc., demanded by the increased work of the province.

Support of corps activities in the province calls for nearly \$3,000,000. Nearly a half million is required for provincial and divisional activities, a considerable part of which is devoted to fresh air camps and relief work. About \$50,000 was taken for the national pension fund for officers grown old in the service and the special work for women totalled nearly \$40,000.

Kentucky Executive Strongly Endorses Work of the Salvation Army in This State.

Governor Edwin P. Morrow of Kentucky recently sent to Commander Evangeline Booth of the Salvation Army a strong letter in support of the Army's second Home Service campaign during the period, May 10-20. Governor Morrow is the general chairman of the campaign in Kentucky with former Chief Justice Henry S. Barker of Louisville as active chairman. Governor Morrow's letter follows:

"My Dear Commander:—Wherever the Salvation Army carries on, there we find a need supplied; a foot-sore, unfortunate comforted; a hungry one fed; an aching heart given succor of sorrow.

"I am appealing directly to the great heart of Kentucky to respond generously to the call of the Salvation Army in this second Home Service Campaign, urging our people to rally to the support of an institution that always has done and now stands ready to do its full share, brimful and running over, for the homeless and the afflicted.

"With my best wishes for your continued success in your great work. Believe me to be, sincerely your friend.

"EDWIN P. MORROW, Governor."

TOUCHING TRIBUTE TO SALVATION AR.

Kentucky Marine, Now Sleeping at Chateau Thierry, Sent Beautiful Message Home to Loved Friend.

One dark night, shortly after the American marines had received their first baptism of blood at Chateau Thierry, a Kentucky boy, Gilbert Young, of Springfield, sat crouched in a dug-out writing a letter home. In it he described to one of his dearest friends and former teachers, Prof. George Colvin, now State Superintendent of Public Instruction of Kentucky, the terrible ordeal through which he had passed unscathed.

In one paragraph of that letter, now a precious and treasured memorial, the young Kentucky marine told of the great work that had been done during those trying hours by the various welfare agencies. "But greatest of them all," he wrote, "the greatest and best of them all, God bless them forever, is the Salvation Army."

The body of Gilbert Young, the brave Kentucky boy, lies today at Chateau Thierry beneath the lilacs of France, but his soul, poured out to his friend, goes marching on in tune with the great work the Salvation Army is seeking to accomplish now that swords have been turned into plowshares and spears into pruning hooks.

The sacrifice of Gilbert Young and the hundreds of other young Kentuckians who gave their lives for liberty during the world struggle will cause many a heart in the great Blue Grass state to pour out its benediction upon the Salvation Army when money is solicited in the Second Home Service Appeal campaign May 10 to 20. The Salvation Army today as always stands ready to help wherever there is a need.

URGE KENTUCKIANS ON IN BIG DRIVE

State Conference Held to Arouse Interest in Salvation Army Home Service Appeal, May 10 to 20.

In preparation for the final drive in the Salvation Army's Second Home Service Appeal, May 10 to 20, in Kentucky and other states east of the Mississippi river, a state conference of workers was held in Louisville on Wednesday.

Judge Henry S. Barker, of Louisville, the state chairman, presided and the toastmaster was Ben S. Washier, of Louisville, vice chairman and former national president of the Young Men's Hebrew Association. Governor Edwin P. Morrow, honorary state chairman, could not be present but sent a telegram giving his hearty endorsement and urging Kentuckians to leave no stone unturned to put Kentucky in the forefront of states in contributions. Governor James S. Cox of Ohio was also prevented from attending and sent a telegram of endorsement.

Prominent workers from all parts of the state pledged themselves to do their best. Prof. George Colvin, State Superintendent of Public Instruction, delivered a splendid address in which he called upon all for renewed efforts in the big drive. Leading officers of the Salvation Army from this section told of their experiences in the actual work of the Army, most of them having served from 20 to 35 years in the ranks of this great organization.

Among other prominent workers in the Home Service Appeal are: Ben L. Briner, secretary of the state executive committee; John R. Downing, treasurer; Dr. W. S. Lockhart, chairman of the speakers' bureau; Judge Walter V. Gregory, chairman of the publicity committee; Mrs. C. Malcolm Bullitt, Mayor George Weissinger Smith of Louisville, Hon. W. P. Lincoln, Marvin H. Lewis, Alvin T. Herr, Dr. E. L. Powell, Dr. E. Y. Mullins and Dr. Charles W. Welch.

FRIENDLY HOME FOR WOMEN IS HELPED

Salvation Army Does Fine Work in Louisville Institution For Women and Girls.

The Susan Speed Davis Friendly Home for Women in Louisville is controlled and operated by the Salvation Army and is one of the institutions to be helped by the money raised in the Home Service Appeal to be made by the Salvation Army, May 10 to 20.

Four times as many cases were cared for in this Home during the past year and during the year before. This work has been carried on in the face of trying difficulties. It has been necessary to remodel and refurnish the Home, and in spite of this many have been cared for. Forty-three girls and young women were cared for there during the past month. Only six percent of those cared for are over 18 years of age and many are under 14.

The Susan Speed Davis Home gives a welcome to all unfortunate girls and women, no matter from what part Kentucky they come.

The 1920 Chautauqua

Begin now to plan to attend the Chautauqua to be held in Marion this year. The program is to be the best one yet. True it is several weeks till time to attend Chautauqua but it is not too soon to talk Chautauqua with your neighbors, and either buy or have your season tickets reserved for you.

Let's make the Marion Chautauqua the biggest one in western Kentucky. This can easily be done if every one will take a hand in boosting it—and the best way to boost is to buy a season ticket for each member of your family—and influence your neighbor to do likewise. The cost is small and the returns big.

BIRTHDAY DINNER

Behold how good and how pleasant it is for brethren to dwell together in unity. This experience of David was beautifully illustrated at H. N. Lamb's on the third day of May when the writer and his better-half, with eighteen others, the majority of whom had passed the meridian of life, several with more than three score and ten years added to that life, met to do honor to and congratulate Aunt Sarah S. Lamb on her eighty first birthday.

Aunt Sarah met us with a radiant smile and a cheerful greeting, as we gathered. She occupied, as she should, the center of the stage during the day, making herself active and much younger looking than her record tells. She has four living children, one son and two daughters, Cousin Lura, the wife of H. N. Lamb is the youngest of the three, there are thirty grand and thirteen great grand children.

She received as tokens of esteem a number of nice gifts.
Nute and Lura did their part well furnishing a splendid dinner as well as making every thing enjoyable. Mr. Clifton Overby took a number of pictures in small and larger groups. At five o'clock we said good bye with wishes that Aunt Sarah will be permitted to enjoy other birthdays on her homeward move to her inheritance that fadeeth not away.

"All That the Name Implies"

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most well-known tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

Frantic With Pain

A Physical Wreck From Kidney Trouble, But DOAN'S Made Her Well.

"Kidney trouble made a complete wreck of me," says Mrs. Wm. Harvey, 621 N. Eighth St., Grants Pass, Ore. "I was so despondent and miserable at times I had nothing left to live for. Death would have been a welcome relief. For six months I was in bed and never expected to leave it alive. I was too weak to move without the help of my nurse and so nervous I screamed when she touched me. My back and head hurt like a throbbing toothache. I had awful dizzy spells, my eyesight failed, my hands and feet felt dead. I was pained all over. The kidney secretions looked like thick, black coffee and burned terribly. They almost stopped passing and then my feet bloated like bags of water. I was frantic with pain, and thought I would lose my reason. I had lost all faith in medicine and tried Doan's Kidney Pills only because a dear friend asked me. Right from the start I began to feel better. Doan's cured me."

Mrs. Harvey

Secure to before me.

EATONIC

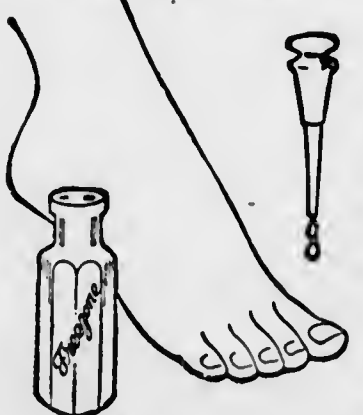

—one or two tablets—eat like candy. Instantly relieves heartburn, bloated, gassy feeling. Stops indigestion, food souring, repeating, headache and the many miseries caused by

Acid-Stomach
EATONIC is the best remedy. It takes the harmful acids and gases right out of the body and, of course, you get well. Tens of thousands wonderfully benefited. Guaranteed to satisfy or money refunded by your own druggist. Cost a trifle. Please try it!

Her Aim.
"What is that driving grass widow trying to do?"
"I guess she is trying to make hay while the sun shines."

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Freezone" costs little as any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

Paradoxical Evidence.
"You could see she was put out."
"How so?"
"By the fire in her eyes."

Heroin, purely vegetable, instant and reliable. Guaranteed non-sedative, non-alcoholic.
MRS. WISLOW'S SYRUP
The instant and reliable. Children grow healthy and free from colic, diarrhea, flatulence, constipation and other troubles. Safe, pleasant—always brings remarkable and gratifying results. At All Druggists.

For Grip, Colds and MALARIA

Demonstration for Suffrage in Japan

Mob gathered in Ueno Park for a tremendous demonstration demanding absolutely free unlimited suffrage. It is more than mere manhood suffrage that Japan is after now. Universal suffrage is the demand. Under the present regime the educational and property qualifications for voters reduce the number to less than 20 per cent of adult males.

United States Gets German Warship as Prize

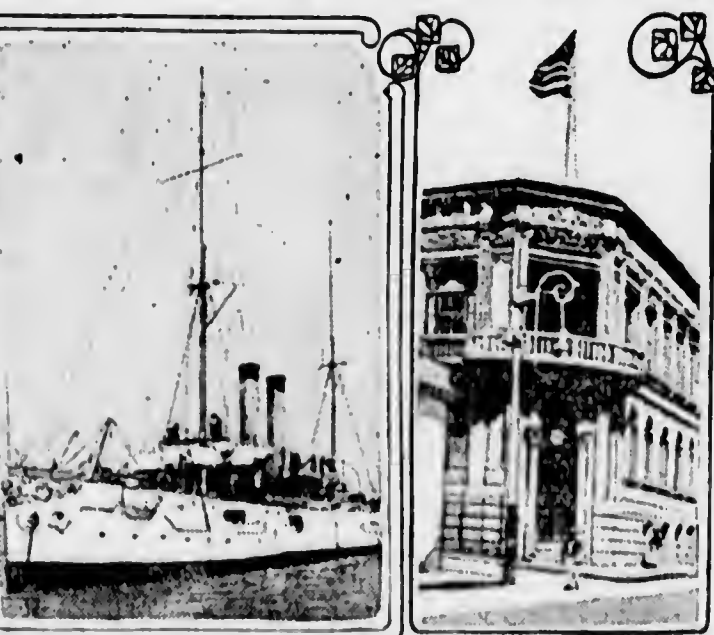

Photograph shows the German warship Nassau, which will come to the United States as a prize. It is possible that the vessel will be used as a target in sea practice.

"Princess Pat" and Her Baby

First photograph received here of the Lady Patricia Ramsay and her baby son. The marriage of "Princess Pat," for whom Canada's most famous regiment was named, to the Hon. A. Ramsay, still lingers in memories as one of the most elaborate ceremonies London has seen in recent years. She is a daughter of the duke and duchess of Connaught.

Revolution Rages in Guatemala

Revolutionists in Guatemala have formed a new government with Carlos Herrera as president. The picture shows the American consulate in Guatemala City, and the U. S. S. Tacoma which has gone to Guatemala to protect American interests. The latest reports received in Washington are that President Estrada Cabrera and his army have surrendered to the Unibonist forces. The provisional government has given pledges to secure the safety of the former president. Order is being maintained in the city.

GATHERED FACTS

More than 210,000 women in the British Isles were widowed by the war.
In China when a pupil is reciting his lesson he turns his back to his teacher.
A French scientist claims to have invented an instrument that measures the susceptibility of persons to suggestions from others.
The world's railways are valued at \$25,555,000,000.
A New York woman is said to earn more than \$5,000 a year designing fashions and fashion luxes.
Internal revenue officers looking for a still at Clarkburg, W. Va., found it concealed in a baby's crib.
Scientific tests have shown that the hot lunch served in the schools is a very big factor in developing the child.

IS POWER IN TURKEY

His highness, the great Tefeheli, is the first time in history that the holder of the greatest office in Turkey has been photographed. He posed in his official robes by special order of the sultan. The great Tefeheli is the highest-ranking official in the Mohammedan religion next to the sultan, and is the person called upon when a new sultan is to be crowned. His religious and political power are unequalled in the Turkish empire.

ONLY WOMAN ENVOY

Lady Suramat Suram Mr. Shidmum is the only woman envoy of the Assyrian tribes to Great Britain. She is in London to plead the cause of 80,000 Assyrians, domiciled in the Kurdistan hills, who desire to remain under British protection and apart from the Kurds and the Turks. The woman ambassador is gray-haired, quick to smile, and of graceful figure. She speaks excellent English. Talking of her mission she declared that she had come to England to speak for her people, who are Christians and who have been cut off from Assyria for about 600 years. Members of her family have been patriarchs of the nation for these five centuries.

ARMENIA WOULD BE UNDER U.S. CONTROL

ALLIED SUPREME COUNCIL ASKS WILSON TO TAKE OVER MANDATE.

SYRIA WILL GO TO FRANCE

Great Britain Will Take Over Palestine and Protect Interests of Jews and Arabs—Jews to Retain Nationality.

San Remo.—The supreme council sent a formal request to President Wilson that the United States government take the mandate for Armenia. The council is leaving to President Wilson the arbitration of the differences over the boundaries of Armenia.

The council awarded a mandate for Mesopotamia and Palestine to Great Britain, and a mandate for Syria to France.

In placing Palestine under a British mandate the council established within the ancient limits of Holy Land what is called the "National home of the Jews."

The terms of the mandate protect the national rights of Jewish citizens of other countries. That is to say, a Jew or American, British, French or other nationality may retain his nationality, although he is also a citizen of the state of Palestine. The rights of Arabs also are protected, there being 600,000 in Palestine and 100,000 Jews. The mandate is limited generally by what is known as the Balfour declaration. British forces have been in occupation of Palestine since the defeat of the Turkish forces by the British field marshal, Viscount Allenby.

France has been the protector of the Christians in Syria since the middle ages, having been designated for the purpose by the holy see. The question with regard to Syria has been in serious controversy between the French and British governments since the armistice was signed, particularly over the point whether France should have all of what is geographically outlined as Syria, or only certain parts.

EXPULSION STRIKING R. R. MEN

Brotherhood of Railway Trainmen Revokes Charters of Unions That Defied Officials.

New York.—The Brotherhood of Railroad Trainmen expelled more than 2,000 local railroaders from its organization in the rapidly dying warrent. It accomplished this summary punishment by revoking the charters of nine local unions in which trainmen from the Pennsylvania Erie, Lackawanna, Lehigh Valley, West Shore and Central Railroad of New Jersey are members. Virtually all the expelled men are still on strike.

500 FRENCH TROOPS SLAIN

Were Wiped Out By Turks While Evacuating Urfa, in Northern Mesopotamia.

Constantinople.—Five hundred French troops are reported to have been wiped out in the evacuation of Urfa, in the northwest part of Mesopotamia. Details are lacking.

American relief workers, among whom was Mrs. Richard Minfield, are all reported safe.

Cost of Collection.

Washington.—Collection of the nation's taxes last year cost the government 53 cents for each \$100 in revenue, according to a statement by the bureau of internal revenue.

Bolsheviks Ask Peace.

London.—M. Tefehelin, the Bolshevik foreign minister, has sent a formal proposal to Czechoslovakia for the opening of peace negotiations, says a wireless dispatch received here from Moscow.

Scores Dead in Hawaii.

Honolulu.—Scores of persons were killed and 25,000 acres of valuable timber land destroyed by forest fires in the Kaimosi district, Honolulu prefecture.

Big Wave Does Damage.

San Salvador.—A huge wave swept over a wharf at Champerico, Guatemala, killing six persons and destroying more than 5,000 boxes of coffee, ready for shipment to San Francisco, and many boxes of merchandise.

Cancel Warrants.

New York.—Warrants for the deportation of 125 of the alleged "reds" rounded up last January by the Department of Justice have been cancelled.

International Bridge Destroyed.

Laredo, Tex.—Fire destroyed the international frontier bridge here connecting the United States and Mexico. All communication, including telephone service, was cut off as a result of the fire. The loss was estimated at \$300,000.

Coal Strike Settled.

Santiago, Chile.—The coal strike, which has lasted 30 days and has involved 10,000, has been settled by an agreement to arbitrate.

ALLIES ARE FIRM WITH GERMANY

SUPREME COUNCIL GIVES NOTICE THAT DECISIVE STEPS WILL BE TAKEN.

MAY OCCUPY TERRITORY

In Closing Hours Council Adopted Note to President Wilson Explaining Cannot Adopt His Solution of Turkish Question.

San Remo, Italy.—The supreme council adopted the Franco-British declaration with regard to Germany after inserting a clause declaring its readiness to take all measures, even to the occupation of German territory if necessary, to enforce the Versailles treaty.

The declaration is blunt and to the point, and completely dashes the expectations of German sympathizers that the rupture between the allies would be witnessed by the San Remo conference. Germany is told that further negotiations of the treaty terms will be intolerable.

Premier Lloyd George said that he regarded the San Remo conference as the most successful yet held by the supreme council, and declared that the measures adopted seem to assure a restoration of order and peace.

In the closing hours the council passed upon two notes to the American government and republicans, who President Wilson's latest Turkish note could not be followed and the other in the Armenian matter and boundaries. A new note to Germany was also approved. It was formulated by Signor Nitti, president of the council.

The text of the German declaration, then adopted by the allies at the close of the work of San Remo conference is in part as follows:

"It is Germany's duty to take steps to determine as was provided in the protocol of the treaty its obligations concerning reparations in order to make proposals with the view of fixing the total amount which it must pay, despite the present character of that settlement of its war responsibilities. It seems to have not even considered how it can meet its obligations when they come due."

"The allies realize the difficulties met by the German government and do not seek to impose the narrow interpretation of the treaty. But they are unanimous in declaring that they cannot tolerate a continuation of those infractions of the treaty of Versailles, that the treaty must be executed and remain as the basis of relations between Germany and the allies and that they are resolved to take a course even if necessary, the execution of which will involve the occupation of German territory. They affirm, however, that they have no intention of imposing a new German territory."

At the same time the allies deem that questions arising from violations of the peace treaty as well as from the more serious violations of the treaty which would be more seriously affected by a change of the government than by the treaty. They decide to invite the chiefs of the German government to a direct conference with the chiefs of the allied governments and request that at the proposed meeting the German government present to them explanations and precise proposals upon all the subjects mentioned in the foregoing."

MEMPHIS TEACHERS WIN

As Result of Organization and Campaign of Education, School Board Grants Increases.

Memphis, Tenn.—As the result of a campaign of education conducted by the Memphis Teachers Association, a throng of people representing every walk of life attended the meeting of the board of education and bombarded the members with unanswerable arguments in favor of the salary schedule submitted by the teachers. This was in line with the recommendation of the United States Survey, and is a substantial increase over the existing schedule.

The board of education, bowing to the expressed demand of the public, passed a resolution granting the increase and made it retroactive to January 1, as requested by the teachers' association.

The city commission will supply the funds needed to meet the increase.

American Released.

Vladivostok, June 11.—An American, who for six months has been interned in Vladivostok, with his family, has been released and is on his way to the United States.

Waterways Bill to Conference.

Washington.—The annual river and harbor bill, carrying an appropriation of \$24,000,000 for the next fiscal year, passed the senate and now goes to conference.

Ruhr Evacuated.

Paris, June 11.—The German delegation in Paris, headed by the French office in note addressed by Premier Millerand stating that the additional troops which had entered the Ruhr district had all evacuated that district.

Mexico City.—A revolt in the state of Michoacan, engineered by General Pascual Ortiz Rubio, governor of the state and a strong supporter of Lieut. Col. Alvaro Obregon, is announced.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tongue" Man, Tells the Treachery of Calomel.

Calomel does you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It rushes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and know you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can act as a substitute.

Don't take calomel! It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

DIDN'T KNOW 'T WAS SO GOOD

Texas Lady Storekeeper, Who Carries Black-Draught in Stock, Has Found It "Best Liver Medicine" Obtainable.

Barker, Tex.—Hearing her experience with Theodor's Black Draught, Mrs. A. L. Fromme, of this place, says: "I had for some time used... and other liver medicines, which would nauseate and make me feel bad. We have a store, and our customers called for Black Draught so often that I decided it must be good, so thought I would try it myself."

"I began its use and found it just fitted my case. It neither gripped nor nauseated me, was an easy laxative and not hard to take."

"I had had headaches a great deal as a result from torpid liver. The Black Draught would cure them. The best way I find to take Black Draught is to take one or two good sized doses until the liver begins to act, then give the doses to take a pinch after meals."

"It will insure good digestion all away with the gas or bad taste in the mouth, and is without doubt the best liver medicine in the market. I have found it so. I can recommend it to my friends for I believe it will do them good."

Get a package of Theodor's Black Draught liver medicine today. Most dealers carry it in stock.—Adv.

Keeping Pace
"It is a fact that is true."
"Not so fast as their mother."

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most healthful physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California"—Adv.

Every man who has the courage of his convictions has to have a lot of it.

MONEY BACK
Without question if Hunt's Salve fails in the treatment of Eczema, Itch, Ringworm, Tinea, or any other skin disease. Hunt's Salve is a pure vegetable preparation and is guaranteed to cure all skin diseases. Price 25c at all druggists, or direct from A. B. Richards Co., Marion, Ind.

MUL-EN-OL
AS A MOUTH WASH AND DENTIFRICE
It Cleans the Teeth, Disinfects the Mouth and Keeps the Gums Firm and Healthy

Welcome Relief From the Tortures of Rheumatism

Can Come Only From the
Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infect the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

The most satisfactory remedy for rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities, and acts as an antidote to the germs of rheumatism. S. S. S. is an excellent system cleanser; it is not sold or recommended for Venereal Diseases.

S. S. S. is sold by druggists everywhere. For valuable literature and advice address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

"What Killed Bill?"

Every man, woman and child in the world has "Liver Trouble" some times. Many of them die from it and never realize it. No use in this. And folks are learning better. Thousands have found out that Dr. Thacher's Liver and Blood Syrup will relieve "Liver Troubles". Will keep the Bowels open and the Blood rich and red. You ought to try this old doctor's prescription—before "Liver Trouble" gets in its deadly work on you—like it did on "Bill." Get it from your drug store.

"Some Sort of Liver Trouble!"

BELOVED GOLF CAME FIRST

Little Things Like Marital Ties and the Demands of Business Didn't Worry These Devotees.

A golfer's wife had just told her husband that she intended to leave him forever, not because he was a golfer, but for some other reason.

"Will nothing induce you to stay?" he asked.

"The wife was obstinate.

"Well, he said, 'It is a terrible shock, but while you are packing, I think I will go out on the lawn and do a little putting'."

This is reminiscent of a story of one of the heroes of golf, an Edinburgh linkkeeper who lived a hundred years ago or thereabouts. He was so devoted to the game that he started playing at midnight when he was an old man.

At last his wife yielded for a separation on the ground that her husband was not attending to his household duties.

He went to the court, admitted the impeachment, and said: "She can have all I got if she will give me so much money to buy golf balls. She can look after the business."

Even Wife Won Suit Not \$40.

Sir Oliver Lodge says that dying is like discarding an old suit of clothes. To some of us doing the latter is almost as hard as dying, truly.—Boston Transcript.

ALL SHE WANTED TO HEAR

Possibly Clerk Had More Information to Give Out, but Elizabeth Wouldn't Wait.

Elizabeth tripped blithely into the country post office.

"I want to know," she demanded with a tell-tale blush as she handed the clerk a pink communication addressed to her lover, "how long it will be before I get an answer to this letter?"

"That depends," he answered; "if he's in jail they will let him write once a month only; if he's dead broke he'll have to wait till he can earn the price of a stamp; and I have no data upon which to base an opinion of his earning capacities. If he's ill in jail he may not care to dictate to a disinterested third party, and if it's scandalous they won't let him write at all; ditto if he's dead. Then, again, if he's got a new girl."

At which moment he realized that the fair Elizabeth had down.—Pittsburgh Chronicle-Telegraph.

GOOD STYLE IN SUMMER WRAPS

COATS and sweaters, for spring and summer wear, reveal a great variety in design with very few fresh or untried models among them. The standard of "style" is high; that is, in color and form the new outer garments are artistic and pleasing and there are models for all personalities. The sweaters and sweater coats preserve the characteristics of sports garments, but have taken on additional dignity by using elegant materials and adopting the required lines. This fits them to play more than one role, for street dress with a sports dress flavor is among the things that have arrived to spend the summer with us.

A great many cape-like wraps, and modifications of the cape, are displayed for summer wear. These are long and have big collars, as a rule, some of them to be correctly described as huge. A few have moderate collars of summer furs; squirrel being a favorite. The liking for long caparisoned wraps has survived the winter. Even coats often emphasize the dominance of the cape by introducing the semblance of one in their composition. An example of this appears in the wrap shown above with a shallow yoke at the back that is merged into sleeves. Parallel rows of stitching and very large buttons call attention to this set-on cape and large buttons on the sleeves ask that they be not overlooked. The coat has patch pockets at the front and reaches within six inches of the bottom of the skirt. It is provided with a muller collar, for which there is plenty of need in the mountains and on the shore.

Unadorned sweater coats of silk jersey or other silk weaves are displayed both in gay and in sedate colors. Even black is very smart this season in these coats and commands itself for wear with separate skirts on the street. The model shown in the picture is double-breasted and has employed unadorned cloth for a wide convertible collar and deep border at the bottom in which pockets are formed at each side.

A grade of the material ends in long silk tassels.

Ginghams Return With Summer

MORNING dresses or utility dresses or porch dresses, as they are variously called, made of ginghams, chambrays, percales and other cottons, have soared in price until they bring as much as wool or silk frocks did in previous days. The high cost of labor, more than anything else, has brought them up to the point where there is a very great saving in making them at home, and in addition to the saving there are other good reasons why mothers and daughters should do this work for themselves. Ordinary needlework ought to be a part of every girl's training and cotton house dresses or school dresses offer chances for learning what it is certain most women will some day need to know.

For the aspiring tailor there are such pretty frocks of ginghams as those shown here to lure her into learning how to use a needle. They could hardly be more simple, but they are neat and crisp looking and suggest all sorts of good times in summer weather. Such dresses are often made with gingham huts to match or huts of white organza are provided for wear with them. And just lately adorable and fabulous sunbonnets have returned from a long exile, to take the place of summer sunshades.

The colorings in the plaid and checked ginghams are more than ever attractive this year. An indistinct plaid in the picture has a rather short skirt for the young person who likes this mode—a plain waist with round neck and three-quarter length sleeves. A wide belt looks well and its lively, cut on the lines of the goods. For embellishment there are that pearl button set on the waist and skirt and a round plique collar. The other dress is made with a plain skirt and a coat with diagonal opening in the front. Its edges are piped with white pique, which also makes the shaped collar. Pockets cut on the bias, that pearl buttons and plaques of white give this frock a neat finish.

which serve also to face revers and collars. Long or short, all coats are of comfortable width and retain a straight-line appearance.

Ribbon-Trimmed Etons.

A cheerful touch for a navy serge made with Eton jacket is introduced in the use of coarse pleated ribbon which edges the skirt tunic and the hipped across jacket ends, under which shows a white pique waistcoat. The turn-back cuffs and collar are also plique.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For

Fletcher's

CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

BEDFAST EVERY

WINTER; STOMACH

TROUBLE GONE

Mrs. Merahon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milk's Emulsion last fall, and before I had taken six bottles my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milk's Emulsion to the children for cough, with splendid results."

"Mrs. W. G. Merahon, Brazil, Ind. Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Merahon did, have found the same wonderful relief and lasting benefit from Milk's Emulsion.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 50¢ and \$1.00 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

Naturally.

"The hygienic experts set their faces against kissing."

"Who doesn't?"

WATER WITH ASPIRIN

Bayer Company, who introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Eczema, Neuralgia, Lumbago, Rheumatism, Neuritis, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing Co., Monroeville, Pa. Sold by druggists everywhere.—Adv.

We ask you to compare MODART Corsets, front laced, with any other corsets. We ask you to compare for Quality, Lines, Workmanship.

And when you have given it a thorough, impartial test by wearing it—we will leave it to your judgment whether or not there is any other front-laced corset in the MODART class.

We chose to specialize on the MODART front-laced corset—to feature it in our advertising, to recommend it to our customers—only after a thorough study and search of the corset field. And only after we were convinced that no other front-laced corsets compared with the MODART in quality and fine-fitting features, did we choose them.

Our expert, scientific corset fitting service always at your free disposal.

ECZEMA

Itchy skin, formerly called Eczema, is a common skin disease. It is caused by a germ which enters the pores of the skin. It is very itchy and causes much discomfort. It can be cured by using the Eczema Ointment. It is sold by Dr. J. C. Taylor, Marion, Ky.

JAYNE & TAYLOR, Marion, Ky.

Not A Tack—Not A Nail.

Billiken Shoes

Are made without a tack or nail, of the softest, toughest leather known, on broad, sensible, improved foot-form last—the most perfect child's shoe ever made—The one shoe a child outgrows.

Buy "Billiken" Shoes and let the children romp and play to their heart's content without any anxiety to you, injury to the home or discomfort to themselves.

The growing feet of children are easily irritated by stiff soles or narrow shoes. "Billiken" Shoes are made by specialists in the largest shoe factory in the world, devoted exclusively to the manufacture of Children's High Grade Shoes. The soles on "Billiken" Shoes are Pure Oak Flexible Leather—the softest and most pliable leather known, being especially prepared to withstand hard service. The absence of nails, tacks, etc., prevents the children wearing the shoes and irritating the soft skin of the feet. The soft sole makes the shoes noiseless. Flexible soles make them as comfortable as a mother's foot. The double leather makes them as lasting as a man's heavy shoes. And they are extremely stylish.

Let Us Show You "Billiken".

Gluttons for Punishment

Lee Tires ask no favors of the road.

On rough country roads, their tough treads travel almost unharmed over sharp and jutting points that would tear the heart out of less sturdy tires. On paved streets and boulevards Lee Tires wear down surprisingly and pleasingly slow.

If you knew how to make tires and none but the best, would satisfy you, the Lee Tire is the kind you'd build.

So thoroughly good are Lee Tires that you'll get an entirely new idea of tire mileage and satisfaction from the first one you try. Let us show you why.
